Dear Mr. Oppenheimer:

Your inquiry of 9 March addressed to the United States Intelligence Board reached me only recently, apparently because it was delivered originally to an office in the Pentagon.

It so happens that the document you requested is an official paper which was prepared in a limited number of copies to serve certain specific governmental needs and purposes. Accordingly, it is not available for distribution outside the U. S. Government.

In this connection, however, I might note that the National Science Foundation, the Library of Congress, and the Office of Technical Services of the Department of Commerce offer a wide range of services relating to the translation of foreign language publications. It is possible, therefore, that one or more of these organizations could be of assistance in fulfilling your particular needs.

Sincerely yours,
